MESSAGE FROM THE PRESIDENT

DR. DERRICK L. FOWARD

President, Dayton Branch NAACP

Fellow Citizens,

As I reflect on 2023, I am filled with gratitude and pride for what we accomplished together as members, volunteers, community partners, and supporters of the Dayton Branch NAACP. Guided by our 2023 theme, "Moving Forward in Victory Together!", we remained steadfast in our commitment to advancing civil rights, promoting equality, and empowering our community through advocacy, education, and service.

The Dayton Branch NAACP continued to demonstrate that when we unite around a common purpose, meaningful change is possible. Because of your dedication and generosity, we raised nearly \$228,000 to support civil rights advocacy, leadership development, and local, state, and national training opportunities. These resources strengthened our ability to fight injustice while preparing the next generation of civil rights leaders.

Investing in our youth remained one of our highest priorities. During the year, we provided more than \$8,895 in youth funding and awarded \$5,500 in scholarships to deserving students, reaffirming our commitment to education and leadership development. Through prudent financial management, we concluded the year with a \$2,295 surplus, demonstrating responsible stewardship of the resources entrusted to our Branch.

Our membership also continued to grow stronger. We proudly welcomed 24 citizens as fully paid Life Members, ensuring that their lifelong commitment to the NAACP will help sustain our mission for generations to come. Additionally, we registered 143 new voters, reinforcing our belief that the ballot remains one of the most powerful tools for advancing democracy and protecting civil rights.

The fight against discrimination remained at the heart of our work. During 2023, the Dayton Branch NAACP investigated 209 complaints of discrimination, providing advocacy, guidance, and hope to individuals seeking justice. At the same time, we continued our commitment to community education by reaching 6,972 citizens through our monthly educational town halls and public programs. Our digital presence also expanded, with 6,367 citizens following our social media platforms, allowing us to inform, educate, and empower thousands more throughout the Miami Valley.

These accomplishments are not simply statistics; they represent lives impacted, opportunities created, voices amplified, and communities strengthened. Every dollar raised, every voter registered, every complaint investigated, every scholarship awarded, and every educational program presented reflects our unwavering commitment to fulfilling the mission of the NAACP.

Because of the collective work and dedication of this entire team, I was deeply honored to receive the NAACP Image Award for Activist of the Year during the 54th NAACP Image Awards in Pasadena, California. While the award was presented to me, I recognize that it represents the hard work, commitment, and collective accomplishments of the Dayton Branch NAACP. It is a reflection of what we can achieve when we work together with purpose, determination, and an unwavering commitment to our community.

None of this would have been possible without the extraordinary dedication of our Executive Committee, Standing Committee Chairs, volunteers, members, sponsors, donors, community partners, and the countless individuals who believe in the work of the Dayton Branch NAACP. Your passion, commitment, and service continue to inspire me each day.

While we celebrate the victories of 2023, we recognize that our work is far from finished. The challenges facing our communities require continued courage, determination, and unity. Together, we will continue to advocate for justice, protect voting rights, expand educational opportunities, promote economic equity, and ensure that every person is treated with dignity and respect.

Thank you for standing with the Dayton Branch NAACP. As we continue Moving Forward in Victory Together, I remain confident that our greatest achievements are still ahead of us.

Employment Complaints Dominated 2023!

Employment discrimination continues to represent a significant area of concern among the complaints received by the Dayton Branch NAACP. Workplace-related complaints can involve a wide range of issues, including hiring and recruitment, termination, promotions, compensation, workplace treatment, harassment, retaliation, and access to professional opportunities.

The presence of a substantial number of employment-related complaints demonstrates the importance of ensuring that individuals know their rights and have access to organizations that can help them understand and address concerns regarding alleged discriminatory treatment. For many individuals, the workplace is one of the most significant environments affecting their economic security, professional advancement, and ability to provide for their families.

The Dayton Branch NAACP works to respond to these concerns by listening to individuals, documenting complaints, providing information and referrals, reviewing allegations, and, when appropriate, connecting individuals with governmental agencies, legal resources, or other organizations equipped to address specific matters. This work is an important component of the Branch's broader commitment to protecting civil rights and promoting equal opportunity.

Monthly Educational Community Meeting “Property Values and Your Property Taxes”

Moderated by, Paul A. Miller, Jr.
Chair, Housing Committee

How property taxes are assessed

- 1) The taxable value of your property is assessed by the county auditor, using factors such as home sales in your neighborhood in previous years and every six years a visual drive-by or flyover inspection of your property.
- 2) Let's say your home was valued at \$100,000. Only 35% of the value of your property is taxed. So you are actually only taxed on \$35,000.
- 3) Other exemptions are applied as well, reducing taxes for most homeowners an additional 12.5% on many levies.
- 4) When voters in your area approve a levy, the county auditor determines how much you will pay by spreading the cost of that levy equally across the value of all property in the jurisdiction the levy applies to.
- 5) This means more expensive properties pay more; less expensive properties pay less.
- 6) Taxes are collected in mills, which is \$1 for every \$1,000 of taxable value.
- 7) As the value of your home increases, the percentage of the total property that your home comprises generally stays the same (or decreases, if a lot of new construction was added in). So the tax rate — the millage rate — is lowered to collect same amount of money. This is true of most taxes.
- 8) Some taxes, however, do stay at the same tax rate as property values increase and they collect more money. In some places, this can be less than 10 mills. In some others, it can be well over that.
